

PRODUCT DESCRIPTION

AIR-board® ECO satin panels are made with two polycarbonate (PC) core options and colored, satin-textured PMMA facing sheets. Facings are made with 100% recycled PMMA (R-MMA) and has the same excellent properties of standard PMMA made with a synthetic monomer and is 100% recyclable. These lightweight panels combined with different core options can be used in many different ways in interior architecture to suit the needs of your design.

COLOR

Standard: Clear Haze, Orange Zest, Opal White, Blue Spark, Gray Shadow

Premium: Red Hot, Yellow Glow, Blue Lagoon, Green Ice

In addition to the standard and premium colors, we offer digital printing for indoor use: AIR-board® ECO satin printed (*)

* Requires RAL color number. RAL colors are converted to translucent colors and will vary from the actual RAL color. There is no MOQ, a set-up fee may apply.

CORE

AIR-board® ECO satin cell diameter 7 mm/0.27"

chaos AIR-board® ECO satin cell diameter 4/7/12 mm – 0.15" / 0.27" / 0.47"

POPULAR APPLICATIONS

INFINITE POSSIBILITIES

Moxie Surfaces is the US Distributor of Design Composite. We specialize in creative finishing materials with infinite possibilities. Our unique architectural elements stimulate the senses and help create beautiful environments for learning, living, and enjoying our lives.

Our products provide a variety of benefits including sound absorption, light transmission and thermal insulation, while offering unlimited applications for indoor or outdoor design.

NOTES
